

Artize

A promise of impeccable craftsmanship

Artize, the luxury brand of the Jaquar Group, one of the world's fastest growing bathroom solutions company, has been specially created for those who aspire for the best in their bath spaces. The brand aims at excellence that surpasses global standards of quality and design.

Artize pays tribute to fine traditions of exquisite craftsmanship by bringing together the finest in design and technology, and using its own manufacturing expertise to craft masterpieces for the ultimate bath space.

Where form enhances functionality

Luxurious bathrooms focus on aesthetics, ergonomics and the interface between people and technology.

Artize sees the immense potential for beauty in how water is used in a bathroom. Beauty that's inspired by Nature, by water's flowing lines, its soft caress on our skin, its rejuvenating effect on our senses. It is this inspiration that leads us to create bathroom indulgences like no other.

The Artize range comprises of a truly aspirational collection of Faucets, Sanitaryware, and Wellness products. Each a seamless blend of functionality and beauty. Each an iconic concept around which an entire living space could be designed.

Winning designs, worldwide

Artize products are conceived by globally renowned designers who use Artize's 'craftsmanship' approach to create objects of unsurpassed aesthetic and functional qualities. This thinking has resulted in many achievements for the Artize brand, including winning the prestigious Red Dot, Good Design and iF design awards, among others.

Quality for the connoisseur

Artize distinguishes itself as a brand by the meticulous craftsmanship of its offerings. Craftsmanship that is visible in the minute details in each one of its wide range of faucets, showers, ceramics and wellness products.

To achieve the high standards it sets for itself – to consistently surpass quality expectations worldwide – Artize uses some of the most advanced technologies available. From robotic grinding and polishing to colour finishes. Backed up by the latest testing and quality control processes to ensure unfailing reliability. And unmatched customer service to provide a lifetime of bathing pleasure.

Luxury created responsibly

In a world where water is increasingly becoming a precious resource, Artize is acutely aware of its responsibility to offer a luxurious bathroom experience that is also delivered with sensitivity towards the environment and minimised wastage of water.

Apart from product specific measures that reduce water consumption without sacrificing the sense of luxury for the skin and the senses, Artize takes a holistic approach to planet empathy. Its manufacturing plant has Zero Discharge operations, practices extensive recycling of materials, and the brand leads the way in combining indulgence with responsibility.

Global Quality Certifications

Colour Finishes

If you wish to order a different colour finish of this range, just replace the colour code in the middle of the product code with the colour code of your choice. For instance, in the product code OSA-CHR-70001, 'CHR' connotes Chrome finish. If you wish to order the same product in Gold Dust finish, replace 'CHR' with 'GDS'. Thus the product code will be OSA-GDS-70001.

ABR: (Antique Bronze) | ACR: (Antique Copper) | BCH: (Black Chrome) | BLM: (Black Matt Finish)
GDS: (Gold Dust) | GLD: (Full Gold) | GRF: (Graphite) | SSF: (Stainless Steel Finish) | WHM: (White Matt)

Note: The finishes depicted here are only indicative and may differ from that on the actual product.

Signature Collection

Artize's Signature Collection epitomises bathroom luxury like nothing else does. With international award-winning creations, from renowned designers, that turn regular bathroom fixtures into stunning pieces of engineered art. Elevating mundane usage into memorable experiences of water.

The Advantage of Showertronic's Technology

For delivering water at the desired flow rate and temperature, Artize ShowerTronic offers several key advantages over other systems - advantages that come from being an Intelligent Valve Sensor System.

No cartridges: no small electric motors or other similar parts that need to be recalibrated or replaced. It runs on intelligent software.

Handles differential pressures: even up to 5 Bar, between hot and cold water inputs.

High-precision sensors: to check water flow rate and temperature every 50 milliseconds for instant control and cut-off, if require

Safety: low voltage (12V DC) compliance for wet areas.

Durability: great for continuous use thanks to the absence of friction, IP 54 components, and piezo-electric technology – which makes it TECHNOLOGY India's first reliable, fully electronic thermostat.

I-Touch

An electronic touch interface based on piezo technology, the i-touch consists of different laminated layers, making it extremely robust, resistant and long-lasting with a high level of user-friendliness. The interface controls the shower flow rate and temperature, enables the water outputs desired by the user and executes the CPU's smart programs such as the start-up program, clean-up program, thermal disinfection program or warm up program.

CPU iV6 / 6 outs

Smart electronic device with digital reading and accurate, stable, thermostatic regulation of water temperature and flow rate at the consumption terminals. Designed to be integrated in showers, columns, cabins or bath areas.

Power Supply System

The system comprises of 12 V DC power supply, a battery backup in case of lack of network voltage and a voltage peaks protection. Batteries are charged with the usual power supply, ensuring that they are always correctly loaded.

TumbleRain

One of the most innovative bathing experiences ever created: a shower that takes you back to a simpler time, to the fond memories of being inundated with a wave of water as the thrilling climax of the bathtime ritual.

Rediscover the thrill of bucket baths!

TumbleRain has been carefully engineered to automate the entire effort involved in bucket baths. Simply set or mix the water temperature to your preference and use the diverter's on and off controls. The high-mounted 'bucket' fills automatically every few seconds and empties itself dramatically over you.

Technology brings back a simple joy

- Automated Tumbling
- No Water Deposit
- No Scaling
- No Bacteria
- A Green Product

A TUMBLE RAIN SHOWER

Artize Collection

Raising the bar of opulent bathrooms, the Artize brand offers unparalleled elegance and style in a wide range of timeless designs for faucets, ceramics, and even accessories, that can inspire the aesthetics of not just the bathroom, but the entire home space.

Rainjoy⁺

Oval | Square

Featuring clean, aesthetic lines and an unobtrusive design, both models of Rainjoy⁺ Shower use a larger-than-life size to envelop you with sensations that aim to relax the muscles, restore calmness and repair the damage caused by daily life's stresses and strains. And leave you feeling revived, recharged and rejuvenated.

- Extra large, concealed, overhead showers
- A choice of showering modes like Rain, Intense, Mist and even Massage

revive + recharge + rejuvenate

Step into the rainjoy+ shower. Discover a spa.

The ultimate in showering luxury, rainjoy+ from Artize is the finest in extra large, concealed, overhead showers. Offering a choice of showering modes like Rain, Intense, Mist and even Massage, the rainjoy+ showering experience is a complete body bath that envelops the senses with an array of soothing sensations inspired by nature's brilliant, rejuvenating ways with water.

The Rain mode lets you enjoy an extra-large, overhead shower zone for a complete body bath. With pearls of water streaming from every jet on the large showerhead, the Rain mode's generous coverage is as rejuvenating as the monsoon's first downpour.

Concentrating a powerful flow of heavy drops into a small area from the central jets, the Intense mode is spread perfectly to fall on your head and shoulders, and relax and recharge you in minutes.

Chromotherapy

rainjoy+ also features Chromotherapy lights controlled by a waterproof, cordless remote to let you pick a relaxing colour or switch to an energising, pulsating, multi-colour experience.

Rainjoy

The steady drumming of rain. The hypnotic rhythm of falling waterdrops. The Rainjoy shower spa blends material science, hydro-flow design, and the best aqua-pressure therapy to create a 360° water massage that envelops you in pleasure. So that when you step into the shower, you discover a spa.

A RAINJOY

Chromotherapy

Let healing light flood your senses.

Careful selected hues of light add a choice of calming waves and invigorating energy to help every shower work wonders with not just your mind and mood, but heal your body as well. Whether you need to relax or be energised, set an appropriate colour for your shower to inspire the body and the mind with a choice of chromatic lights.

Remote

Luxury is chromotherapy that you control.

Light & Easy

Each Rainjoy shower comes with the convenience of a cordless, waterproof remote control which lets you customise your chromotherapy experience. With a simple press of a button, you can choose a relaxing colour to shower in. Or switch to an energising, pulsating, multiple colour experience. The colours also change at a speed that you control.

Thermatik

The perfect temperature. No variations, or sudden changes. Warm to the precise degree you want it to be. Thermatik controllers feature integrated shut-off valves and concealed thermostats to keep the temperature evenly perfect.

An unmatched showering experience even at low water pressure! An unbeatable combination of convenience, efficiency, safety and style, Thermatik mixers give the choice to select any design to match your bathroom design and any outlet type-be it two, three, four or five outlets, to suit your requirement.

Features

MAX Performance:

- Works efficiently even at low pressure
- No need of pressure pump

Max Flexibility:

- Universal concealed body
- Available in 2, 3, 4, 5 Outlets

Max Safety:

- Thermostat (adjust temperature as desired)
- Non returnable valve to prevent accidental mixing of hot & cold water
- Child Lock (no chance for rotating knob to make water uncomfortably hot/cold)
- Anti scalding feature to shut off the supply in the absence of cold water supply
- Mechanical (Non-electrical) cartridge

ANGELO

The geometry and precision of Angelo make for a striking impression. Masculine, bold, and extremely contemporary, the design never fails to catch the eye. Its patented design allows the mixing of hot and cold water merely by the rotation of the body.

ANG-CHR-53011B

Single Lever Basin Mixer with Swivel Spout without Popup Waste System, with 375mm Long Braided Hoses flow rate: 6.19 I/min*

Leone | Faucets

The delightful curve of Leone is an abstract, organic shape that mirrors the flow of water. Modern, yet exquisitely beautiful, this arched design is stunning in its simplicity. Its patented design allows the rotation of the body to enable the mixing of hot and cold water.

LEO-CHR-55011B

Le Blanc | Faucets

Straight lines, polished to a high shine make up the design signature of Le Blanc. Cueing precision, geometry and masculinity, the form is bold, and arresting in its presence. An asymmetrical lever adds a modern touch of imbalance.

Pneumatic Cistern & Control Plate

Take Aesthetic Appeal To The Next Level With Cilica.

Artize Cilica raises the bar for bathroom aesthetics and functionality with its toughened glass, chrome-plated, pneumatic flush controls and a concealed cistern system. By eliminating the intrusion of a bulky component from sight, it aids spaciousness without compromising on effectiveness or access for maintenance. Carefully chosen design, special components and quality construction ensures low noise, perfect pan cleaning, and easy installation too.

Jaquar Group is now into the 60th year of its existence. Year 2020 will mark 60 years of a journey of a thousand miles that began with a single step, has become an epic saga of our growth, togetherness and mutual trust. This year, we're celebrating 60 years of not just our existence, but of our manufacturing excellence. As the logo of '60 years of manufacturing excellence' signifies, the 3 key aspects for us are Customer trust, Cutting edge technology, and our Stakeholders in the centre.

Conceived back in 1960, Jaquar Group is built on the platform of highest quality standards, aesthetics and with the intent of exceeding customer expectation. Today, Jaquar Group caters to premium and luxury bathroom segments with Jaquar and Artize brands respectively for residential and commercial sectors across the globe as a one-stop destination for all bathroom products.

A Luxury Bathroom Brand

It pays a tribute to the fine traditions of exquisite craftsmanship and precision where design, technology and talent combine to deliver a masterpiece. Artize products are crafted for luxurious bath spaces. Perfect harmony is the very essence of Artize either together as coordinates or even as individual pieces. Artize exquisite craftsmanship is so stunning that they can inspire the design principles of not just your bath spaces but of your entire living spaces.

A Premium Bathroom Brand

A leading global super brand known for its excellence in innovation and technology. The highest build standards combine with the most beautifully designed aesthetics to provide world-class products for tough conditions. With a superb blend of ergonomic shapes, contemporary styles and meticulous finish, Jaquar continues to enthrall millions of hearts across the world with its wide range of concepts and products.
